Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

1. Following a place name, a "C" indicates that the place is shown with a MCD, an "A" indicates that the place is also a false MCD, the false MCD name is not shown.
2. This shows tribal census tract boundaries and numbers within the subject entity; nontribal census tract boundaries are shown outside of the subject entity, but without numbers. Tribal census tracts are defined by the federal government as federally recognized American Indian reservation or off-reservation trust land for the purpose of providing data based on an American Indian reservation census. Tribal census tracts include reservations or off-reservation trust land cross state or county boundaries, the same as county boundaries, and may cross the boundary of the state, and, if so, constitutes a single tribal census tract entity.
3. Following a block number, a "C" indicates that the block number is repeated elsewhere in the block.
